PRICE LIST EFFECTIVE 01 · 08 · 2025

Conforming to IS 694 : 2010 · Flexible Annealed Bare Copper Conductor

01

Multicore Flexible Cable*PVC Insulated & PVC Round Sheathed · Up to 1100V*

Ceekaylite Multicore Flexible Cables are engineered for demanding industrial and domestic installations where reliability is non-negotiable. Constructed with flexible annealed bare copper conductors and a tough PVC round sheath, they deliver outstanding conductivity, flexibility and an exceptionally long service life. Rated up to and including 1100 Volt and conforming to IS 694 : 2010, they are the trusted choice for panel wiring, machinery, control circuits and general power distribution.

DISTINGUISHING FEATURES

- Conductor: flexible annealed bare copper (Class 5)
- Insulation: colour-coded PVC cores
- Sheath: PVC round — abrasion & moisture resistant
- Voltage grade: up to & including 1100V AC
- Standard: IS 694 : 2010, latest amendments
- Configurations: 2, 3 & 4 Core · 0.50–70 sq.mm

70.00 sq.mm · 215A	—	Rs. 6,37,000	Rs. 8,42,000

Two-core configuration not available above 16 sq.mm. Supplied in 100 / 500 metre drums. Prices Ex-Works; GST extra as applicable.

02

Single Core Copper Wire

Unsheathed Multistrand · Flame Retardant · 90 m Coil

The benchmark for safe, reliable household and commercial wiring. Ceekaylite Single Core Multistrand Copper Wire is manufactured with flame-retardant PVC insulation and ISI-marked to **IS 694** with the latest amendments. The multistrand construction provides easy handling and superior current-carrying capacity, making it ideal for fixed installation in conduits, ducts and open wiring across switchboards, lighting and power circuits.

DISTINGUISHING FEATURES

- Conductor: multistrand annealed bare copper
- Insulation: PVC — self-extinguishing
- ISI marked to IS : 694, latest amendments
- Unsheathed — ideal for conduit / duct runs
- Standard colour codes for easy identification
- Range: 0.75–35 sq.mm · 90 metre coils

Gauge shown as strands / strand-diameter. Price per 90 metre coil. Prices Ex-Works; GST extra as applicable.

03

Submersible Flat Cable

Three Core Sheathed · ISI Marked · Per Metre

Purpose-built for submersible pump applications, Ceekaylite's Three Core Sheathed Flat Cable delivers dependable power transmission in wet, damp and underground environments. Its flat profile routes easily through narrow borewell casings, while the heavy-duty PVC sheath resists water, chemicals and mechanical stress. ISI-marked to **IS 694** with the latest amendments.

DISTINGUISHING FEATURES

- Engineered for borewell & submersible pump wiring
- Flat profile — pulls easily through pump casings
- Heavy-duty PVC sheath — waterproof & chemical resistant
- ISI marked to IS : 694, latest amendments
- Multistrand copper — flexible & corrosion resistant
- Range: 1.50–16 sq.mm · priced per metre

Suitable for borewell & submersible pump installations. Price per metre. Prices Ex-Works; GST extra as applicable.

04

Aluminium Conductor Cable

PVC Insulated · Twin / Three / Four Core · 1100V

A cost-effective solution for heavy-duty power distribution. Ceekaylite PVC Insulated Aluminium Conductor Cables suit industrial plants, agricultural pump sets, street lighting and utility service connections. The aluminium conductor offers excellent conductivity at a lighter weight than copper — ideal for overhead and underground distribution networks rated up to **1100V**.

DISTINGUISHING FEATURES

- Conductor: high-purity aluminium — light & economical
- Insulation: PVC compound, rated 1100V
- Twin Core 90 m · Three & Four Core 100 m coils
- Ideal for feeders, street lighting & service drops
- Lower cost per metre vs. copper for long runs
- Range: 2.50–35 sq.mm

Conductor Aluminium	Voltage 1100V	Twin 90 m	3 & 4 Core 100 m	Sizes 2.5–35
