Single Core Copper Wire

Unsheathed Multistrand · Flame Retardant · Length 90 Mtrs.

Celcon Single Core Multistrand Wire is made with flame-retardant PVC insulation over a fine multistrand annealed copper conductor, ISI-marked to IS : 694 with the latest amendments. Its flexible build pulls easily through conduits and makes neat terminations — ideal for house wiring, switchboards, lighting and power circuits.

DISTINGUISHING FEATURES

- Conductor: multistrand annealed bare copper
- Insulation: flame-retardant PVC
- High fire resistance
- Higher current carrying capacity
- More flexibility for easy installation
- Anti termite & anti rodent
- ISI marked to IS : 694, latest amendments

02

Submersible Flat Cable

Three Core Sheathed · ISI Marked · Per Metre

Built for submersible pump installations, the Celcon Three Core Sheathed Flat Cable carries power reliably in wet, damp and underground conditions. The flat profile slides easily down narrow borewell casings, and the tough PVC outer sheath stands up to water and handling. ISI-marked to IS : 694 with the latest amendments.

DISTINGUISHING FEATURES

- Made for borewell & submersible pump wiring
- Flat profile — easy to lower through casings
- Three colour-coded PVC insulated cores
- Heavy-duty PVC outer sheath
- Multistrand annealed copper — flexible
- ISI marked to IS : 694, latest amendments
- Range: 1.50–16 sq.mm · priced per metre

Suitable for borewell & submersible pump installations. Price per metre. Prices Ex-Works; GST extra as applicable.

03

PVC Insulated Aluminium Cable

Aluminium Conductor · Twin, Three & Four Core · 1100V

Celcon PVC Insulated Aluminium Conductor Cable is an economical choice for power distribution, service connections and supply runs. Colour-coded PVC insulated aluminium cores are laid up under a tough PVC sheath, rated for working voltages up to 1100V.

DISTINGUISHING FEATURES

- Conductor: aluminium
- Insulation: colour-coded PVC cores
- Sheath: PVC — protects against abrasion
- Voltage grade: 1100V
- Twin core 2.5–16 sq.mm · 90 m
- Three & four core 10–35 sq.mm · 100 m
